# INDEPENDENT AUDITOR'S REPORT ON SPECIAL PURPOSE IND AS INTERIM CONSOLIDATED FINANCIAL STATEMENTS FOR THE NINE MONTHS PERIOD ENDED 31 DECEMBER 2024

To the Board of Directors of Fusion CX Limited (formerly Fusion CX Private Limited; prior to that Xplore-Tech Services Private Limited)

# Opinion

We have audited the accompanying Special Purpose Ind AS Interim Consolidated Financial Statements of Fusion CX Limited (formerly Fusion CX Private Limited; prior to that Xplore-Tech Services Private Limited) (herein referred as "the Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Special Purpose Ind AS Interim Consolidated Balance Sheet as at 31 December 2024, Special Purpose Ind AS Interim Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Special Purpose Ind AS Interim Consolidated Statement of Changes in Equity and Special Purpose Ind AS Interim Consolidated Statement of Cash Flows for the year then ended, and notes to the Special Purpose Ind AS Interim Consolidated Financial Statements, including a summary of material accounting policy information. The Special Purpose Ind AS Interim Consolidated Financial Statement of the Company and approved by the Board of Directors of the Company in accordance with the basis and purpose as set out in Note 2.1 to the Special Purpose Ind AS Interim Consolidated Financial Statements.

In our opinion, and to the best of our information and according to the explanations given to us, the accompanying Special Purpose Ind AS Interim Consolidated Financial Statements gives a true and fair view of the state of the affairs of the Group as at 31 December 2024 and of its operations and cash flows of the Group for the nine months period ended 31 December 2024, in accordance with the <u>note</u> 2.1 on basis of accounting.

# **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Special Purpose Ind AS Interim Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') ("Code of Ethics"), together with the ethical requirements that are relevant to our audit of the Special Purpose Ind AS Interim Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# MSKC & Associates LLP (Formerly known as M S K C & Associates) Chartered Accountants

# Emphasis of matter-Basis of Accounting and Restriction on Distribution and Use

We draw attention to Note 2.1 to the Special Purpose Ind AS Interim Consolidated Financial Statements which describe the purpose and basis of its accounting. These Special Purpose Ind AS Interim Consolidated Financial Statements have been prepared by the management of the Holding Company solely for the purpose of preparation of the restated financial information of the Holding Company for the nine months period ended 31 December 2024 to be included in the Draft Red Herring Prospectus ("DRHP"), Red Herring Prospectus ("RHP") and Prospectus (collectively referred to as "Offer Documents") to be filed by the Holding Company with the Securities and Exchange Board of India ('SEBI'), National Stock Exchange of India Limited and BSE Limited, Registrar of Companies, as applicable, in connection with the proposed Initial Public Offering of equity shares ('IPO') of the Holding Company, as per the requirements of Section 26 of Part I of Chapter III of the Companies Act 2013, the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended from time to time ("SEBI ICDR Regulations"), e-mail dated 28 October 2021 from Securities and Exchange Board of India (SEBI) to Association of Investment Bankers of India ('SEBI Communication') and the Guidance Note on Reports in Company Prospectus (Revised 2019) ("the Guidance Note") issued by the ICAI. As a result, these Special Purpose Ind AS Interim Consolidated Financial Statements may not be suitable for any other purpose.

Our report is intended solely for the purpose specified above. This should not be distributed to or used by other parties. M S K C & Associates LLP (formerly known as M S K C & Associates) shall not be liable to the Holding Company or to any other concerned for any claims, liabilities or expenses relating to this assignment. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

Our opinion is not modified in respect of the above matter.

# Responsibilities of Management and Those charged with Governance for the Special Purpose Ind AS Interim Consolidated Financial Statements

The Board of Directors is responsible for the preparation of the Special Purpose Ind AS Interim Consolidated Financial Statements in accordance with <u>note</u> 2.1 on basis of accounting; this includes design, implementation and maintenance of such internal control relevant to the preparation of the Special Purpose Ind AS Interim Consolidated Financial Statements that are free from material misstatements, whether due to fraud or error.

In preparing the Special Purpose Ind AS Interim Consolidated Financial Statements, the management and Board of Directors of the Holding Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Group or to cease operations or has no realistic alternative but to do

The Board of Directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Special Purpose Ind AS Interim Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Special Purpose Ind AS Interim Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Special Purpose Ind AS Interim Consolidated Financial Statements.

We give in "<u>Annexure</u>" a detailed description of Auditor's responsibilities for Audit of the Special Purpose Ind AS Interim Consolidated Financial Statements.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE SPECIAL PURPOSE IND AS INTERIM CONSOLIDATED FINANCIAL STATEMENTS OF FUSION CX LIMITED (FORMERLY FUSION CX PRIVATE LIMITED; PRIOR TO THAT XPLORE-TECH SERVICES PRIVATE LIMITED)

# Auditor's Responsibilities for the Audit of the Special Purpose Ind AS Interim Consolidated Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Special Purpose Ind AS Interim Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for expressing our opinion on whether the Group has internal financial controls with reference to Special Purpose Ind AS Interim Consolidated Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management of the Group.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Special Purpose Ind AS Interim Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Special Purpose Ind AS Interim Consolidated Financial Statements, including the disclosures and whether the Special Purpose Ind AS Interim Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

# MSKC & Associates LLP (Formerly known as M S K C & Associates)

Chartered Accountants

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

The Company is in the process of an Initial Public Offering (IPO), which comprises a combination of fresh issue of shares and an offer for sale by existing shareholders. In accordance with the applicable financial reporting framework and regulatory guidelines, transaction costs that are directly attributable to the fresh issue of shares are eligible to be adjusted against equity, while those related to the offer for sale are to be recovered from existing shareholders in the proportion of shares offered for sales.

As at the reporting date, the exact split between the fresh issue and offer for sale components of the IPO has not been finalized. Accordingly, the total transaction costs, including audit fees, incurred in connection with the IPO have been temporarily recorded as a deduction from "Other Equity" pending final determination of the offer structure. Upon finalization, the Company shall reclassify the relevant portion of these costs attributable to the offer for sale.

Material accounting policies to the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

#### 1 Corporate information

Fusion CX Limited (Formerly Fusion CX Private Limited; formerly Xplore-Tech Services Private Limited) ("the Company" or "the Holding Company") is incorporated under the provision of the Companies Act, 1956 in the year 2004 with its headquarters located in Kolkata, India. The Company is engaged in providing business process management services with a global presence. The Company has client base in several countries including US, Canada and UK.

The Company has converted itself from Private Limited to Public Limited, pursuant to a special resolution passed in the extraordinary general meeting of the shareholders of the Company and consequently the name of the Company has changed to "Fusion CX Limited" pursuant to a fresh certificate of incorporation issued by ROC on 12 March 2025.

#### 2 Material accounting policies

## 2.1 Basis of preparation

#### (a) Statement of Compliance with Indian Accounting Standards (Ind AS)

The Special Purpose Ind AS interim Consolidated Financial Statements of the Company and its subsidiaries (together referred to as "the Group") comprises the Special Purpose Ind AS interim Consolidated Balance Sheet as at 31 December 2024, the Special Purpose Ind AS interim Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Special Purpose Ind AS interim Consolidated Statement of Cash Flows, the Special Purpose Ind AS interim Consolidated Statement of Cash Flows, the Special Purpose Ind AS interim Consolidated Statement of Cash Flows, the Special Purpose Ind AS interim Consolidated Statement of Cash Flows, the Special Purpose Ind AS interim Consolidated Statement of Cash Flows, the Special Purpose Ind AS interim Consolidated Statements for the nine months period ended 31 December 2024 and summary of material accounting policies and explanatory notes (collectively referred as the 'Special Purpose Ind AS interim Consolidated Financial Statements for the nine months period ended 31 December 2024 and summary of the Holding Company for the purpose of preparation of the restated consolidated Financial Statements') that have been prepared by the management of the Holding Company with the Securities and Exchange Board of India ("SEBI"), National Stock Exchange of India Limited and BSE Limited in connection with the proposed Initial Public Offer of equity shares ("IPO") by the Holding Company.

The Special Purpose Ind AS interim Consolidated Financial Statements have been prepared by the management of the Holding Company to comply with the requirements of:

(a) Section 26 of Part I of Chapter III of the Companies Act, 2013 (the "Act");

(b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the "ICDR Regulations");

(c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended (the "Guidance Note"); and

(d) Email dated 28 October 2021 from Securities and Exchange Board of India (SEBI) to Association of Investment Bankers of India ("SEBI Communication").

These Special Purpose Ind AS interim Consolidated Financial Statements of the Holding Company as at and for the nine months period ended 31 December 2024, are prepared after taking into the consideration the requirements of the SEBI Communication were approved for issue in accordance with the resolution passed by the Board of Directors of the Holding Company at their meeting held on 11 April 2025.

These Special Purpose Ind AS interim Consolidated Financial Statements have been prepared solely for the purpose of preparation of Restated Consolidated Financial Information for inclusion in DRHP in relation to proposed IPO. Hence these Special Purpose Consolidated Financial Statements are not suitable for any other purpose other than for the purpose of preparation of Restated Consolidated Financial Information. The Group has opted to avail exemption from presenting comparatives for stub period in line with the exemption as per ICDR Regulations. Accordingly, no comparative figures are also presented in these Special Purpose Ind AS interim Consolidated Financial Statements.

#### (b) Basis of measurement

These special purpose Ind AS interim consolidated financial statements have been prepared on accrual basis and under historical cost convention, except for the following: - Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments)
- Employee Defined basefit and the act table of the act table of the set table of table

- Employees Defined benefit plans are recognised at the net total of the fair value of plan assets, and the present value of the defined benefit obligation as per actuarial valuation.

#### (c) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
   Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or

Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period All other assets are classified as non-current.

- A liability is current when:
- ►It is expected to be settled in normal operating cycle

It is held primarily for the purpose of trading

- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
- The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

The Group has considered an operating cycle of 12 months.

# d) Presentation currency and rounding off

These special purpose Ind AS interim consolidated financial statements are presented in Indian Rupees (INR) and all values are rounded to nearest lakhs, unless otherwise indicated.

#### .cs(e), Going Concern

🖓 👯 Group has prepared the special purpose Ind AS interim consolidated financial statements on the basis that it will continue to operate as a going concern.

Fusion CX Limited (Formerly Fusion CX Private Limited; formerly Xplore-Tech Services Private Limited) Material accounting policies to the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

# 2.1 Basis of preparation (Cont'd)

# (f) Use of estimates

The preparation of special purpose Ind AS interim consolidated financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the period and disclosures of contingent liabilities as at the Balance Sheet date.

The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the special purpose Ind AS interim consolidated financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the period in which the estimates are revised and in any future periods affected. Refer Note 3 for details on estimates and judgments.

# 2.2 Basis of Consolidation

The special purpose consolidated financial statements relate to the Company, its Subsidiary Companies, and Step-Down subsidiaries (collectively referred herein under as the 'Group'). The special purpose Ind AS interim consolidated financial statements have been prepared on the following basis:

- (a) The special purpose Ind AS interim financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. The intra-group balances and intra-group transactions and unrealized profits have been fully eliminated.
- (b) The difference between the cost of investment in the subsidiaries, over the fair value of net assets at the time of acquisition of shares in the subsidiaries is recognized in the financial statements as Goodwill.
- (c) The special purpose Ind AS interim consolidated financial statements of the Group are presented in Indian Rupee ("Rs"), which is the functional currency of the Company and the presentation currency for the Ind AS interim consolidated financial statements. In case of foreign subsidiaries, being non-integral foreign operations, income and expenses are consolidated at the average rate prevailing during the period. All assets and liabilities are converted at rates prevailing at the end of the period. Any exchange difference arising on consolidation is recognized in the Foreign Currency Translation Reserve.
- (d) The special purpose Ind AS interim consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.
- (e) For list of subsidiary companies which are special purpose considered in the Ind AS interim Consolidated Financial Statements refer note 52.

#### 2.3 Summary of material accounting policies

#### a) Property, plant, and equipment

Property, plant and equipment, are stated at historical cost of acquisition or construction less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises its purchase price net of any discounts and rebates, any import duties and other taxes (other than those subsequently recovered from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance of revenue nature are charged to Statement of Profit and Loss during the reporting period in which they are incurred.

Property, plant and equipment are tested for impairment whenever events or changes in circumstances indicate that an asset may be impaired. If an impairment loss is determined, the remaining useful life of the asset is also subject to adjustment. If the reasons for previously recognised impairment losses no longer exists, such impairment losses are reversed and recognised in income. Such reversal shall not cause the carrying amount to exceed the amount that would have resulted had no impairment taken place during the preceding periods.

Property, plant and equipment not ready for the intended use on the date of Balance Sheet are disclosed as "Capital work-in-progress". Such items are classified to the appropriate category of Property, plant and equipment when completed and ready for intended use. Advances given towards acquisition/construction of Property, plant and equipment outstanding at each Balance Sheet date are disclosed as Capital Advances under "Other non-current assets".

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1 April 2022 measured as per the Indian GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

#### Depreciation method, estimated useful lives and residual value

Depreciation is provided for property, plant and equipment on a straight-line basis so as to expense the cost less residual value over their estimated useful lives as prescribed in Schedule II of the Companies Act, 2013. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Depreciation on sale/disposal of property plant and equipment is provided up to the date preceding the date of sale/disposal as the case may be. Gains and losses on disposals are determined by comparing the sale proceeds with carrying amount and accordingly recorded in the Statement of Profit and Loss during the reporting period in which they are sold/disposed.

#### The estimated useful lives are as mentioned below

Asset Type	Useful life		
Building	30 years		
Computers and Servers	3-6 years		
Furniture and fixtures	10 years		
Office equipment	5 years		
Plant and equipment	15 years		
Leasehold improvement	3 years/(actual lease term)		
Vehicle	8 years		
Electrical installations	10 years		

Material accounting policies to the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

# 2.3 Summary of material accounting policies (cont'd)

# (b) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. The useful lives of all the intangible assets of the Group are assessed as finite.

Particulars	Useful life
Customer List	5 years
Computer Software	3 - 5 years

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the special purpose Ind AS interim consolidated statement of profit and loss when the asset is derecognised.

#### (c) Leases

#### **Identifying leases**

The Group assesses at contract inception whether a contract is or contains a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Lease contracts entered by the Group majorly pertains for premises and equipments taken on lease to conduct its business in the ordinary course.

#### Group as a lessee

On 1 April, 2022, the Group had adopted Ind AS 116 "Leases" using the modified retrospective approach by applying the standard to all leases existing at the date of initial application. The Group also elected to use the recognition exemption for lease contracts that, at the commencement date, have a lease term of twelve months or less and do not contain a purchase option ("short-term leases") and lease contracts for which the underlying asset is of low value ("low value assets"). The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

## **Right-of-use assets**

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in section 2.3(d) "Impairment of non-financial assets".

#### Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

#### Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

# d) Impairment of non financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

Fusion CX Limited (Formerly Fusión CX Private Limited; formerly Xplore-Tecľí Services Private Limited) Material accounting policies to the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

## 2.3 Summary of material accounting policies (cont'd)

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent periods, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the Group operates, or for the market in which the asset is used.

Impairment losses are recognised in the special purpose Ind AS interim consolidated Statement of profit and loss.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

#### Classification in the financial statements

Investments that are realizable within the period of twelve months from the balance sheet date are classified as current investment. All other investments are classified as non-current investments.

#### (g) Cash and cash equivalents

Cash and cash equivalents includes cash in hand, deposits held at call with banks, other short term highly liquid investments with original maturities of three months or less.

#### (h) Share Capital

Financial instruments issued by the Group are classified as equity only to the extent that they do not meet the definition of a financial liability or financial asset. The Group's ordinary shares are classified as equity instruments.

#### (i) Financial assets

#### (i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus the transaction cost directly attributable to the acquisition of the financial asset in the case of a financial asset measured not at fair value through profit or loss. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### (ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

a) at amortized cost; or

b) at fair value through other comprehensive income; or

c) at fair value through profit or loss.

The Group does not hold any Financial assets classified at fair value through other comprehensive income; or at fair value through profit or loss. Accordingly, the Group holds only financial assets measured at amortised cost, therefore accounting policy of financial assets classified at amortised cost stated below:

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the Statement of profit and loss.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in special purpose Ind AS interim consolidated Statement of Profit and Loss.

When the financial asset is derecognised, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Special Purpose Ind AS interim Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method. The Company does not own any financial asset classified at fair value though other comprehensive income.

Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments: All equity investments in scope of Ind A5 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument- by-instrument basis. The classification is made on initial recognition and is irrevocable.

In case of equity instruments classified as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Material accounting policies to the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

# 2.3 Summary of material accounting policies (cont'd)

## (iii) Impairment of financial assets

In accordance with Ind AS 109 "Financial Instruments", the Group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

# a) Trade receivables:

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables resulting from transactions within the scope of Ind AS 115 "Revenue from Contracts with Customers". The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

#### b) Other financial assets:

For recognition of impairment loss on financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent periods, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL.

Lifetime ECL is the expected credit loss resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after period end.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original effective interest rate (EIR). When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of Profit and Loss. For financial assets measured at amortised cost, ECL is presented as an allowance, i.e. as an integral part of the measurement of those assets in the Balance Sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

# (iv) Derecognition of financial assets

# A financial asset is derecognised only when:

a) the contractual rights to receive cash flows from the financial asset is transferred or expired.

b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the received cash flows in full without material delay to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognised only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the financial asset is neither transferred, nor the entity retains substantially all risks and rewards of ownership of the financial asset, then in that case financial asset is derecognized only if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset, the difference between the carrying amount and the consideration received is recognised in the Statement of Profit and Loss.

# (j) Financial liabilities and equity instruments

# Classification as debt or equity

An instruments issued by a Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Dividend paid on equity instruments are directly reduced from equity.

#### Financial liabilities

## Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or at amortized cost, as appropriate. All financial liabilities being loans, borrowings and payables are recognised net of directly attributable transaction costs.

#### (ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at amortised cost

Financial liabilities at fair value through profit or loss

The Group does not owe any financial liability which is either classified or designated at fair value though profit or loss. Accordingly, the Group holds only financial liabilities designated at amortised cost , therefore accounting policy of financial liabilities classified at amortised cost stated below:

#### Financial liabilities at amortised cost

All the financial liabilities of the Group are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on SOC/ adquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

Contraction of the second

Material accounting policies to the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

#### 2.3 Summary of material accounting policies (cont'd)

#### (iii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

#### (iv) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the assets and settle liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

Financial instruments issued by the Group are classified as equity only to the extent that they do not meet the definition of a financial liability or financial asset. The Company's ordinary shares are classified as equity instruments.

#### (k) Fair value measurement

A number of assets and liabilities included in the Group's financial statements require measurement at, and/or disclosure of, fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ► In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Group.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the special purpose Ind AS interim consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ► Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

## (I) Provisions, Contingent liabilities and Contingent Assets

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that probability will not require an outflow of resources or where a reliable estimate of the obligation cannot be made. Contingent assets are neither recorded nor disclosed in the special purpose Ind AS interim consolidated financial statements.

#### (m) Revenue from contract with customers

Revenue is recognized to the extent, that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue from services

The Group's revenue from Business Process Management is recognized on an accrual basis in terms of agreement with the customers, when there is no uncertainty as to the measurement and collectability of consideration. In case of uncertainty, revenue recognition is postponed until the same is resolved. Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised services to customers in an amount that reflects the consideration the Group expects to receive in exchange for those services. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration (which is the consideration, adjusted to discounts, incentives and returns, etc., if any) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. These are generally accounted for as variable consideration estimated in the same period the related sales occur. The revenue is recognized net of Goods and service tax.

#### Other Income

#### Interest Income from Bank Deposits

Interest income is accrued on a time proportion basis by reference to the principal outstanding and the effective interest rate. Dividend Income

Dividend is recognized when the Group's right to receive dividend is established.

(n) Government grants

Government grants are recognised when there is reasonable assurance that the Company will comply with the relevant conditions and the grant will be received. Government grants are recognised in the special purpose consolidated statement of profit and loss, either on a systematic basis when the Company recognizes, as expenses, the related costs that the grants are intended to compensate or, immediately if the costs have already been incurred. The Company has received non-recurring incentive from Government (referred as "employee retention credit").

#### (o) Earning per Share

Basic earnings per share (EPS) is calculated by dividing the net profit or loss attributable to equity holders of the Group (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Group and the weighted average

Material accounting policies to the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

# 2.3 Summary of material accounting policies (cont'd)

# (p) Employee benefits(i) Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

# (ii) Other long-term employee benefit obligations

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

#### **Defined contribution plans**

A defined contribution plan is a post-employment benefit plan where the Group's legal or constructive obligation is limited to the amount that it contributes to a separate legal entity. The Group makes specified monthly contributions towards Government administered provident fund scheme and Employees' State Insurance ('ESI') scheme. Obligations for contributions to defined contribution plans are expensed as an employee benefits expense in statement of profit and loss in the period in which the related services are rendered by employees.

#### **Defined Benefit Plans**

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefits that employees have earned in the current and prior periods, discounting that amount. The defined benefit obligation is calculated annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised immediately in OCI. They are included in retained earnings in the Statement of changes in equity and in the balance sheet. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate determined by reference to market yields at the end of the reporting period on government bonds. This rate is applied on the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit liability in profit or loss. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

#### Compensated absence - Encashable

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the discount rates for Government Bonds at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurement as a result of experience adjustments and changes in actuarial assumptions are recognised in the Special Purpose Ind AS interim Consolidated Statement of Profit and Loss.

#### Share based payments

Share-based compensation benefits are provided to employees via the "Xplore Employee Stock Option Plan 2023" (ESOP scheme). The fair value of options granted under the ESOP scheme is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted

- including the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and

- including the impact of any non-vesting conditions (e.g. the requirement for employees to serve or hold shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

#### (q) Taxes

Tax expense for the period comprises of current tax, deferred tax and Minimum alternate tax credit (Wherever applicable).

Provision for current tax is made on the basis of estimated taxable income for the current accounting period in accordance with the Income-tax Act, 1961.

Current and deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets and liabilities are recognised for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilised business loss and depreciation carry-forwards and tax credits. Such deferred tax assets and liabilities are computed separately for each taxable entity. Deferred tax assets are recognised to the extent it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilised. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. The extent to which deferred tax assets can be recognised is based on an assessment of the probability that future taxable income will be available against which the deductible temporary differences and tax loss carry forwards can be utilised.

Ministry of Corporate Affairs ("MCA"), under the Companies (Indian Accounting Standards) Amendment Rules, 2023, issued an amendment to Ind AS 12 Income Taxes related Assets and Liabilities arising from a Single Transaction such as leases and decommissioning obligations. This amendment is effective from the beginning of comparative period presented i.e. April1, 2022. There is a change in Deferred tax component disclosure from net to gross for right to use assets and lease liabilities for the Company. There is no impact on opening retained earnings or Profit and loss for the period year March 31, 2024.

Material accounting policies to the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

#### 2.3 Summary of material accounting policies (cont'd)

# (r) Borrowing Costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use are capitalized. All other borrowing costs are recognised as expenditure in the period in which they are incurred.

#### (s) Segment Reporting

The Group's business is providing business process management services, in India and in the territory outside of India, to entities that outsource their business processes and as such, in the opinion of the Management there being a single business segment. The analysis of the geographical segment is based on areas in which customers of the Group are located.

# (t) Business combinations

Acquisition of subsidiaries and businesses are accounted for using the acquisition method. The consideration transferred in each business combination is measured at the aggregate of the acquisition date fair values of assets transferred, liabilities incurred by the Group to the former owners of the acquiree and equity interests issued by the Group in exchange for control of the acquiree. Acquisition related costs are recognised in the special purpose Ind AS interim consolidated statement of profit and loss.

Goodwill arising on acquisition is recognised as an asset and measured at cost, being the excess of the consideration transferred in the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed and contingent liabilities recognised, as applicable. Where the fair value of the identifiable assets and liabilities exceed the cost of acquisition, after re-assessing the fair values of the net assets and contingent liabilities, the excess is recognised as capital reserve on consolidation.

#### (u) Goodwill

Goodwill is initially recognised as an asset at cost and is subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units (CGUs) or groups of cash-generating units that are expected to benefit from the synergies of the combination. Cash generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit's value may be impaired. The recoverable amount of the CGU is higher of fair value less costs to sell and value in use.

The financial projections basis which the future cashflows are estimated consider economic uncertainties, assessment of discount rates, revisiting the growth rates factored while arriving at terminal value and subjecting these variables to sensitivity analysis. If the recoverable amount of the cash-generating unit is less than the carrying value of the unit, the impairment loss is allocated first to reduce the carrying value of any goodwill allocated to the unit and then to the other assets of the unit in proportion to the carrying value of each asset in the unit.

#### 3 Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the period end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period, are described below. The Group based its assumptions and estimates on parameters available when the special purpose Ind AS interim consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### (a) Useful lives of property, plant and equipment and intangible assets

As described in the material accounting policies, the Group reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period. Useful lives of intangible assets is determined on the basis of estimated benefits to be derived from use of such intangible assets. These reassessments may result in change in the depreciation /amortization expense in future periods.

#### (b) Actuarial valuation

The determination of Group's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in Other Comprehensive Income. Such valuation depend upon assumptions determined after taking into account discount rate, salary growth rate, expected rate of return, mortality and attrition rate. Information about such valuation is provided in notes to the special purpose Ind AS interim consolidated financial statements.

#### (c) Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

#### (d) Contingencies

The Group uses significant judgements to assess contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past event where it is either not probable that an outflow of resources will be utilised to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the special purpose Ind AS interim consolidated financial statements.

# (e) Provisions

A provision is recognised when the Group has a present obligation, legal or constructive, as result of a past event and it is probable that the outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. All provisions are reviewed at each balance sheet date and adjusted to reflect the observent best estimates.

Material accounting policies to the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

#### 3 Critical accounting estimates and assumptions (contd.)

#### (f) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Group reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the special purpose Ind AS interim consolidated financial statements.

#### (g) Leases

#### The Group as lessee

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

#### The Group as lessor

Operating lease - Rental income from operating leases is recognised in the special purpose consolidated statement of profit and loss on a straight-line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset is diminished. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying value of the leased asset and recognised on a straight-line basis over the lease term.

Finance lease - When assets are leased out under a finance lease, the present value of minimum lease payments is recognised as a receivable. The difference between the gross receivable and the present value of receivable is recognised as unearned finance income. Lease income is recognised over the term of the lease using the net investment method before tax, which reflects a constant periodic rate of return. Such rate is the interest rate which is implicit in the lease contract.

## (h) Allocation of consideration over the fair value of assets and liabilities acquired in a business combination

Assets and liabilities acquired pursuant to business combination are stated at the fair values determined as of the date of acquisition. The carrying values of assets acquired are determined based on estimate of a valuation carried out by independent professional valuers appointed by the Group. The values have been assessed based on the technical estimates of useful lives of tangible assets and benefits expected from the use of intangible assets. Other assets and liabilities were recorded at values that were expected to be realised or settled respectively.

#### 3.1 Changes in accounting policy and disclosures

#### (a) Ind AS 117, Insurance Contracts

The Ministry of corporate Affairs ("MCA") notified the Ind AS 117, Insurance Contracts, under the Companies (Indian Accounting Standards) Amendment Rules, 2024, which is effective from annual reporting periods beginning on or after 1 April 2024.

Ind AS 117 Insurance Contracts is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Ind AS 117 replaces Ind AS 104 Insurance Contracts. Ind AS 117 applies to all types of insurance contracts, regardless of the type of entities that issue them as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply.

The application of Ind AS 117 had no impact on the Group's consolidated financial statements as the Group has not entered any contracts in the nature of insurance contracts covered under Ind AS 117.

#### (b) Ind AS 116, Leases

The MCA notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024, which amended Ind AS 116, Leases, with respect to lease liability in a sale and leaseback transaction.

The amendment specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains. The amendment is effective for annual reporting periods beginning on or after 1 April 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of Ind AS 116.

These amendments do not have any material impact on the amount recognised in these special purpose Ind AS interim consolidated financial statements.

#### 3.2 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. As on date, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Fusion CX Limited (Formerly Fusion CX Private Limited; formerly Xplore-Tech Services Private Limited) Notes forming part of the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

5 Right to use and Lease Liabilities The Group has leasing arrangements for a number of properties in the jurisdictions from which it operates. In some jurisdictions it is customary for lease contracts to provide for payments to increase each year by inflation and in others to be reset periodically to market rental rates. In some jurisdictions, for property leases the periodic rent is fixed over the lease term. These leases have terms ranging from two to ten years. The Company applies the recognition exemptions relating to shortterm leases and lease of low-value assets for these leases.

The weighted average incremental borrowing rate applied to lease liabilities as at 31 December 2024 is 10%.

Fusion CX Limited (Formerly Fusion CX Private Limited; formerly Xplore-Tech Services Private Limited) Notes forming part of the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

d) Operating loan facility & Foreign exchange facility and BCAP facility loan taken from HSBC Bank, balance outstanding amounting to INR 3,737.74 lakhs and INR 783.03 lakhs respectively is secured by Guarantors (i) O'Currance, Inc., (ii) Fusion CX Private Limited (Formerly Xplore-Tech Services Private Limited), (iii) Pankaj Dhanuka and (iv) Kishore Saraogi.

Operating loan facility & Foreign exchange facility:

All amounts advanced and outstanding under the Operating Loan Facility shall be repaid on demand by the Bank. Until demand, and subject to the provisions of the Facility Letter, the Borrower may make principal repayments on each Daily Simple SOFR Loan in any amount on a monthly basis and up to four additional times during each fiscal year, and not more frequently, in each case, together with all accrued and unpaid interest in respect of such amounts.

The interest on the outstanding principal balance of all Loans and other credit advanced under the Operating Loan Facility shall, unless otherwise provided, be calculated and payable as per terms specified in sanction letter.

All liabilities of the Bank under Foreign Exchange Contracts shall be paid by the Borrower on demand by the Bank and, unless and until otherwise demanded, such contracts shall be fulfilled by the Borrower as they fall due.

#### BCAP facility loan:

All amounts advanced and outstanding under the BCAP Facility (including principal, interest and applicable fees) shall be repaid in full on August 19, 2025, the day that precedes the 5th anniversary date of the Effective Date and demand for repayment by the Bank. Until such date, the Borrower shall make monthly principal repayments of CAD 42,230, together with monthly payments of accrued interest calculated at the applicable rate on the last day of each month, payable on the first Business Day of the following month.

Interest on the outstanding principal balance of advances made under the BCAP Facility shall, unless otherwise provided, be calculated and payable at the Bank's Prime Rate plus 1.50% per annum, calculated monthly in arrears on the daily balance on the last day of each month and payable on the first Business Day of the following month.

Provident Fund	
The Honourable Supreme Court, had passed a judgement on 28 February, 2019 in relation to inclusion of certain allowances within the scope of "Basic wages" for the purpose of determining contribution to provident fund under the Employees' Provident Funds & Miscellaneous Provisions Act, 1952. The management, based on legal advice, is of the view that the applicability of the judgement to the Company, with respect to the period and the nature of allowances to be covered due to interpretation challenges, and resultant impact on the past provident fund liability, cannot be reasonably ascertained. ## 39 Employee benefits

## (A) Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

## During the period, the Company has recognized the following amounts in the Consolidated Statement of Profit and Loss:

Particulars	For the period 01 April 2024 to 31 December 2024
Employers' contribution to Provident Fund and Employee State Insurance Scheme	

#### (B) Defined benefit plans L

#### Gratuity:

The Company provides Gratuity for employees in India as per the Payment of Gratuity Act, 1972 and in Philippines as per Retirement Pay Law (R.A. 7641). All employees are entitled to gratuity benefits on exit from service due to retirement, resignation or death. There is a vesting period of 5 years on exits due to retirement or resignation. This defined benefit plans expose the Company to actuarial risks, such as longevity risk, interest rate risk and market (investment) risk. The present value of the defined benefit obligation and the relevant current service cost are measured using the Projected Unit Credit Method, with actuarial valuations being carried out at each Balance sheet date. his is an unfunded plan.

Gratuity (cont'd) Amount recognised in Balance Sheet	
Particulars	As at 31 December 2024
Present value of obligation as at the end of the period	342.90
Net (asset) / liability recognized in Balance Sheet	342.90
Current liability	30.92
Non-current liability	311.98
Total	342.90

۰.

## ii) Changes in the present value of benefit obligation

Particulars	As a 31 December 2024
Present value of obligation at the beginning of the period	253.55
On account of business combination	
Included in profit or loss	
Interest cost	12.31
Current service cost	68.13
Past service cost	
	80.44
Included in Other Comprehensive Income	
Actuarial (gain)/ loss - Demographic Assumptions	
Actuarial (gain)/ loss - Financial Assumptions	6.81
Actuarial (gain)/ loss - Experience	25.09
	31.90
Other	
Benefit payments directly by the Company	(22.99)
Present value of obligation at the end of the period	342.90

# iii) Reconciliation of balance sheet amount

Particulars	As at 31 December 2024
Opening net (asset)/liability	253.55
On account of business combination	
Expense/(income) recognised in profit and loss	80.44
Expense/(income) recognised in other comprehensive income	31.90
Benefit payments directly by the Company	(22.99)
Balance sheet (Asset)/Liability at the end of period	342.90

# iv) Expense recognized in the statement of profit and loss

Particulars	For the period 01 April 2024 to 31 December 2024
Current service cost	68.13
Net Interest cost	
Past service cost	
- Interest expense on DBO	12.31
Total expenses recognized in the statement of profit and loss	80.44

# v) Expense recognized in other comprehensive income

Particulars	For the period 01 April 2024 to 31 December 2024
Actuarial (gains)/ losses arising from:	
-Demographic Assumptions	
-Financial Assumptions	6.81
-Experience	25.09
Met actuarial (gains) / losses recognised in OCI	31.90

Notes forming part of the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

- I. Gratuity (cont'd)
- vi)
- a) Principal assumptions used for the purpose of the actuarial valuation (Fusion CX Limited (formerly Fusion CX Private Limited; formerly Xplore-tech Services Private Limited))

Particulars	For the period 01 April 2024 to 31 December 2024
Mortality	IALM (2012-14) Ultimate
Discount Rate	6.84%
Salary increase rate	5.00%
Withdrawal Rate	
Age 20-30	30.00%
Age 31- 35	15.00%
Age 36- 60	10.00%
Average attained age	28 years
Retirement age	60 years

b) Principal assumptions used for the purpose of the actuarial valuation (Omind Technologies Private Limited)

Particulars	For the period 01 April 2024 to 31 December 2024
Mortality	IALM (2012-14) Ultimate
Discount Rate	6.90%
Salary increase rate	5.00%
Withdrawal Rate	10.00%
Average attained age	31 years
Retirement age	60 years

#### vii) Sensitivity analysis

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The changes would have affected the defined benefit obligation as below:

Particulars	For the period 01 April 2024 to 31 December 2024
Change in Discount rate	
Delta effect + 1%	308.37
Delta effect + 1%	-6.01 % to -7.82%
Delta effect - 1%	350.84
Delta effect - 1%	· 6.77% to 8.97%
Change in rate of salary increase	
Delta effect + 1%	350.19
Delta effect + 1%	6.52% to 9.05%
Delta effect - 1%	308.45
Delta effect - 1%	-5.97% to -8.03%

The sensitivity analysis presented above may not be representative of the actual change in the Defined Benefit Obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

#### . Gratuity (cont'd)

## viii) Maturity profile of benefit payments

Year	For the period 01 2024 to 31 December 2
1 year	30
2 to 5 years	126
6 to 10 years	150
More than 10 years	38

Gratuity is a defined benefit plan and entity is exposed to the following risks:

- i) Interest rate risk: The plan exposes the Group to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.
- ii) Salary Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

iii) Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non-availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

iv) Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

v) Regulatory Risk: Gratuity benefit is paid in India in accordance with the requirements of the Payment of Gratuity Act, 1972. There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of INR 20 lakhs in Payment of Gratuity Act, 1972).

#### II. Compensated absences:

The provision for compensated absences (Privilege Leave) for the nine months period ended 31 December 2024 is INR 165.58 lakhs. The provision for compensated absences (Sick Leave) for the nine months period ended 31 December 2024 is INR 40.39 lakhs.

#### 47 Fair value measurements

(A) Classification of financial assets and financial liabilities:

The following table shows the carrying amounts of financial assets and financial liabilities which are classified as amortised cost. There are no other financial assets or financial liabilities classified under Fair value through Profit and Loss (FVTPL) and Fair value through Other Comprehensive Income (FVOCI).

Particulars	As at 31 December 2024
	Amortised Cost
Financial assets	
Non-current	
Loans	1,340.29
Other financial assets	1,999.03
Current	
Trade receivables	29,598.73
Cash and cash equivalents	5,522.49
Bank balances other than cash and cash equivalents	566.96
Loans	2,963.93
Other financial assets	655.09
Financial liabilities	
Non-current	
Borrowings	5,284.40
Lease liabilities	7,115.27
Current	
Borrowings	20,552.38
Lease liabilities	2,924.86
Trade payables	8,527.21
Other financial liabilities	9,610.08

(B) Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Inputs used in determining fair value measurements are categorised into different levels based on how observable the inputs used in the valuation technique utilised are (the 'fair value hierarchy'):

· Level 1 · Quoted prices in active markets for identical items (unadjusted)

• Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

· Level 3 - Unobservable inputs (i.e. not derived from market data).

Fair value of Financial Assets and Liabilities measured at amortized cost: The fair value of other current financial assets, cash and cash equivalents, trade receivables, other financial assets, trade payables and other financial liabilities approximate the carrying amounts because of the short-term nature of these financial instruments.

The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security deposits are not significantly different from the carrying

#### 43 Financial risk management

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the Managing Board. These risks are categorised into Market risk, Credit risk and Liquidity risk.

#### (A) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables, payables and loans and borrowings.

## (i) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Group's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Group, interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole period. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Particulars	As a
	31 December 2024
Non-current borrowings	5,284.40
Current borrowings (including current maturities of long-term debt)	20,552.38
Total Borrowings (excluding interest accrued but not due)	25,836.78
Borrowings not carrying variable rate of Interest	9,043.62
Borrowings carrying variable rate of Interest	16,793.16
% of Borrowings out of above bearing variable rate of interest	659

#### Interest rate sensitivity

A change of 100 bps in interest rates would have following Impact on profit before tax

Particulars	For the period 01 April 2024 to 31 December 2024
100 bps increase would decrease the profit before tax by	(167.93)
100 bps decrease would increase the profit before tax by	167.93

#### (ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a different currency from the Group's functional currency.

#### Unhedged Foreign Currency Exposure

Particulars	Currency	As at 31 December 2024	
		Foreign Currency	Amount in INR
Trade receivables	USD	73.70	6,300.23
Trade receivables	GBP	1.00	107.53
Trade receivables	EUR	1.43	127.46
Trade payables	USD	1.09	93.55
Trade payables	GBP	0.04	4.57
Trade payables	EUR	0.04	3.25

## Foreign Currency Risk Sensitivity

A change of 5% in Foreign currency would have following Impact on profit before tax

For the period 01 April 2024 to 31 December 2024

	5% increase	5% decrease		
USD	310.33	(310.33)		
GBP	5.15	(5.15)		
EUR	6.21	(6.21)		
Increase / (decrease) in profit or loss	321.69	(321.69)		

Particulars

olding Company's doesn't have exposure to equity securities price risk, as the Holding Company is a private company and not a listed entity.

Notes forming part of the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

#### 44 Financial risk management (cont'd)

(B) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's maximum exposure to credit risk for the components of the Balance Sheet at 31 December 2024 is the carrying amounts of financial assets as per Note 42. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Group assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

#### Impairment of financial assets

(i) Cash and cash equivalents and bank balances other than cash and Cash and cash equivalents ('Balances with banks'):

Credit risk from balances with banks is considered negligible, since the counterparty is a reputable bank with high quality external credit rating. Based on assessment carried by the Group, entire receivable under this category is classified as "Stage 1". Impairment on balances with banks has been measured on the 12-month expected loss basis. The Group considers that its balances with banks have low credit risk based on the external credit ratings of the counterparties. The amount of provision for expected credit losses on balances with banks is negligible.

## (ii) Trade receivables :

The Group applies the Ind AS 109 simplified approach for measuring expected credit losses which uses a lifetime expected loss allowance (ECL) for trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The Group's trade receivable are generally having credit period from 30 to 60 days and historically, majority of trade receivables are recovered subsequently.

The Group uses a provision matrix to measure the ECLs of trade receivables. The provision matrix is initially based on the Group's historical observed default rates. Based on evaluation carried out and to the best estimate of management, historical loss sufficiently covers expected loss as well as future contingencies and adjustment for forward looking factors are not considered significant, hence no adjustment for forward looking factors is carried.

## Computation of Allowance for impairment losses:

ECL is computed based on the trade receivable as at reporting period by applying the bucket wise lifetime loss rate (PDs) determined for each reporting period. Other financial assets:

Balances with banks are considered to have negligible risk or nil risk, as they are maintained with high rated banks / financial institutions as approved by the Board of directors. Other financial assets mainly includes deposit given. Based on assessment carried by the Group, entire receivable under this category is classified as "Stage 1". There is no history of loss and credit risk and the amount of provision for expected credit losses on other financial assets is negligible.

## Ageing for Trade receivables under simplified approach

Undisputed- considered good

As at 31 December 2024	Not Due	Less than 6 months	6 months-1 year	More than 1 year	Total
Gross carrying amount	4,420.86	20,524.51	1,062.33	6,056.73	32,064.43
Provision for expected credit losses		175.91	227.63	2,062.16	2,465.70
Carrying amount of Trade receivable (net of impairment)	4,420.86	20,348.60	834.70	3,994.57	29,598.73

#### (C) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they become due. The Group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

#### Maturities of financial liabilities:

The table below summarizes the undiscounted maturity profile of the Group's financial liabilities on an undiscounted basis:

Particulars	Carrying	Contractual cash flows			
	value	Total	Within 1 year	1-5 years	More than 5 years
As at 31 December 2024					
Borrowings	25,836.78	25,836.78	20,552.38	5,284.40	
Lease liabilities	10,040.13	11,870.06	3,529.11	8,195.53	145.43
Trade payables	8,527.21	8,527.21	8,527.21		
Other financial liabilities	10,330.33	10,330.33	9,610.08	720.24	
Total	54,734.45	56,564.38	42,218.78	14,200,17	145.43

#### 45 Capital management

For the purpose of the Group's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders. The primary objective of the Group's capital management is to maximize the shareholder value and to ensure the Group's ability to continue as a going concern.

## The Group's objectives when managing capital are to:

a) safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and b) provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. Consistent with others in the industry, the Group monitors capital on the basis of the following ratio: Net debt divided by total equity.

Particulars	As at 31 December 2024
Net debt (Refer note (i) below)	29,806.02
Equity (Refer note (ii) below)	32,437.66
Net debt to equity	0.92

(i) Net Debt comprises of total borrowings (including interest accrued but not due) and lease liabilities reduced by Cash and cash equivalents and Other bank balances.

(ii) Equity comprises of equity share capital and other equity.

Dividend		
Particulars	As at	
	31 December 20	
Equity shares (Face value of INR 1 each)		
Equity shares		
Final dividend for the year ended 31 March 2024 of INR 0.2 per fully paid share	252.02	

#### Financial risk management objective and policies

This section gives an overview of the significance of financial instruments for the Group and provides additional information on the balance sheet. Details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note 2.

## 46 Details of Corporate Social Responsibility (CSR) expenses:

Particulars	For the period 01 April 2024 to 31 December 2024
(i) Gross amount required to be spent by the Group during the period	21.45
(ii) Amount approved by the Board to be spent during the period	21.45
(iii) Amount spent during the period (in cash)	
- on construction / acquisition of any asset	to a second page and second
- on purpose other than above	
(iv) Shortfall / (Excess) at the end of the period	21.45
(v) Total of previous year shortfall	
(vi) Details of related party transactions	
(vii) Unspent amount in relation to:	
- Ongoing project	
- Other than ongoing project	

Note- The Holding Company has not made any contribution to related parties towards CSR. The Holding Company has not incurred any CSR expenditure with relater parties.

## 47 Employee stock option plan

Xplore Employee Stock Option Plan 2023 ("ESOP 2023") was approved by the Board of Directors and the Shareholders of the Company on 19 May 2023 and 20 May 2023 respectively. The ESOP 2023 covers grant of Options to the specified employees of the Group covered under ESOP 2023.

This valuation report has been prepared as per Black Scholes model and which takes into consideration the key components like Historical Volatility, Exercise Price and Risk-free rate-of-return which in turn calculated as per the documents provided by the management of the Company like the ESOP Plan, fair value of shares derived based on the fair value of shares using acceptable pricing methodology, sample ESOP grant letters, etc

The CODM evaluates the Group's performance and reviews revenue and earnings before interest expense, taxes, depreciation and amortisation as the performance indicator. The Group operates in one segment only i.e. "Business process management services". The CODM evaluates performance of the Group as one single segment. Accordingly, segment information has not been separately disclosed.

Geographical Segment has been presented below -

#### Details of revenue based on geographical location of customers is as below: (i)

	For the period 01 April 2024 to 31 December 2024
India	19,059.76
United States of America	57,490.80
Canada	11,081.49
Others	4,923.10
Total	92,555.15

Major Customers greater than 10% of total revenue

One customers has contributed to more than 10% of the total revenue amounting to INR 12,548.23 lakhs

(ii) Details of non-current assets (property, plant and equipment, capital work-in-progress, right-of-use assets, goodwill, intangibles and intangibles assets under development) based on geographical area is as below:

Particulars	As a 31 December 2024
India	5,089.96
Rest of World	39,367.24
Total	39,367.24 44,457.20

Notes forming part of the special purpose Ind AS interim consolidated financial statements for the nine months period ended 31 December 2024 (All amount are in INR Lakhs, unless otherwise stated)

51 Goodwill

Particulars	As at 31 December 2024
Cost as at beginning of the period	8,763.89
Additions related to acquisitions	1,672.98
Exchange differences on consolidation	150.49
Cost as at end of the period	10,587.36
Impairment as at beginning of the period	
Charge for the period	
Exchange differences on consolidation	
Impairment as at end of the period	
Net book value as at beginning of the period	8,763.89
Net book value as at end of the period	10,587.36

The Carrying value of Goodwill includes INR 4,805.34 lakhs that arose on the acquisition of Boomsourcing in financial year 2022-23 and has been tested in the current period against the recoverable amount of the Business Unit Boomsourcing cash generating unit (CGU) by the Group. The goodwill relates to expected synergies from combining Boomsourcing's activities with those of the Group and to assets, which could not be recognised as separately identifiable intangible assets. The goodwill is tested annually for impairment or more frequently if there are any indications that the goodwill may be impaired.

The outcome of the Group's goodwill impairment as at 31 December 2024 for CGU Boomsourcing resulted in no impairment of goodwill is Nil.

The Carrying value of Goodwill includes INR 1,011.74 lakhs that arose on the acquisition of Finaccess BPO, Morocco in earlier periods and has been tested in the current period against the recoverable amount of the Business Unit Finaccess cash generating unit (CGU) by the Group. The goodwill relates to expected synergies from combining Finaccess's activities with those of the Group and to assets, which could not be recognised as separately identifiable intangible assets. The goodwill is tested annually for impairment or more frequently if there are any indications that the goodwill may be impaired.

The outcome of the Group's goodwill impairment as at 31 December 2024 for CGU Finaccess resulted in no impairment of goodwill Nil.

The Carrying value of Goodwill includes INR 1,507.04 lakhs that arose on the acquisition of O'Currance Inc, USA in earlier periods and has been tested in the current period against the recoverable amount of the Business Unit Ocurrance cash generating unit (CGU) by the Group. The goodwill relates to expected synergies from combining O'Currance's activities with those of the Group and to assets, which could not be recognised as separately identifiable intangible assets. The goodwill is tested annually for impairment or more frequently if there are any indications that the goodwill may be impaired.

The outcome of the Group's goodwill impairment as at 31 December 2024 for CGU O'Currance resulted in no impairment of goodwill Nil.

The Carrying value of Goodwill includes INR 963.09 lakhs and 634.58 lakhs that arose on the acquisition of Omind Technologies Inc. and Ready Centre Limited, respectively, during the previous period and has been tested in the current period against the recoverable amount of the Business Unit Omind and RCC cash generating unit (CGU) by the Group. The goodwill relates to expected synergies from combining Omind and RCC'c activities with those of the Group and to assets, which could not be recognised as separately identifiable intangible assets. The goodwill is tested annually for impairment or more frequently if there are any indications that the goodwill may be impaired.

The outcome of the Group's goodwill impairment as at 31 December 2024 for CGU Omind and RCC resulted in no impairment of goodwill Nil.

The Carrying value of Goodwill includes INR 1,672.98 lakhs that arose on the acquisition of 54 Communications LLC during the current period.

The Group has conducted sensitivity analysis including sensitivity in respect of discount rate on the impairment assessment of goodwill. The Group believes that no reasonably possible change in any of the key assumptions used in the model would cause the carrying value of goodwill to materially exceed its recoverable value.

#### Acquisition during the period

- (A) Acquisition of S4 Communications LLC
- (i) On 31 December 2024, the step-down Subsidiary Company Ameridial Inc. acquired 100% stake in S4 Communications LLC. S4 Communications LLC is a leading global business process outsourcing (BPO) company that provides a full range of front- to back-office outsourced solutions. The control of S4 Communications LLC has been transferred to the Holding Company on execution of share purchase agreement in the current period on 31 December 2024 and the acquisition has been accounted as per Ind AS 103. Consequently, the holding company has recognised Customer Relationships and Goodwill as per the provisional PPA valuation report received from the valuer;
- (ii) The Investment will enhance Group's presence in North America Market
- (iii) Goodwill is attributable to the benefit of expected synergies, revenue growth and future market developments. These benefits are not recognised separately from goodwill because they do not meet the recognition criteria for identifiable intangible assets.
- (iv) From the date of acquisition, S4 Communications LLC has contributed Nil to revenue from operations and Nil profit to profit before tax. Had the acquisition been effected at 01 April 2024, the revenue of the Group would have been increase by INR 13,520.80 lakhs and profit before tax to the Group would have been increase by INR 2,649.36 lakhs respectively.
- (v) Details of purchase consideration, the net assets acquired and goodwill are as follows:

Purchase consideration	Amount		
Cash Paid	3.25		
Contingent consideration	1,436.17		
Total purchase consideration	1,439.42		

(vi) The assets acquired and liabilities assumed has been accounted for at fair values as per Ind-AS 103 as follows -

No.	Particulars	Amount
Α.	Consideration Transferred	1,439.42
	Total Consideration(A)	1,439.42
Β.	Fair value of identifiable assets and liabilities recognised as a result of the Acquisition	1 1 1 A
	Assets	
(i)	Property, plant and equipment	202.67
(ii)	Customer relationships	6,299.24
(iii)	Trade receivables	66.18
(iv)	Cash and cash equivalents	414.31
(v)	Other assets - current	153.19
	Total Assets Acquired (a)	7,135.59
	Liabilities	.,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,
(i)	Long term borrowing	1,689.55
(ii)	Trade payables	3,423.62
(iii)	Other current liabilities	758.65
(iv)	Deferred tax Liability on customer relationship	1,497.33
	Total Liabilities Acquired (b)	7,369.15
c.	Net assets recognised pursuant to the Scheme (a-b) (B)	(233.56)
D.	Goodwill	1,672.98

Goodwill represents excess of fair value of consideration given over identifiable net assets. The acquisition date fair value of accounting acquiree's identifiable assets and liabilities are based on independent valuations obtained by the holding company

#### (vii) Significant estimate: Contingent consideration

As per agreement, additional consideration of INR 1,709.25 lakhs (undiscounted) shall be payable in cash as Earnout Payments on quarterly basis for 8 quarters beginning from Closing date, i.e., 31 December 2024. The 1st quarter payment is to be made on 30 April 2025. The basis of calculation is 1.5% of Onshore revenue and 5% of Offshore revenue.

e fair value of the contingent consideration of INR 1,436.17 lakhs was estimated by calculating the present value of the future cash flows. The estimates are
